## Claim Your Birthright

Do you know anyone aged 21-26 yrs old that has never been to Israel before on an educational programme? This winter, from 23 December 2004 to 2 January 2005, the UJIA and the Jewish Agency are running the next **birthright Israel** FREE ten day tour.

The programme offers an insight into Israel's ancient history and its rich and complex culture. Participants from across the UK are being invited to take part in an educational journey through Israel, from the Golan Heights in the north to the Negev desert in the south, from Tel Aviv in the West to the Dead Sea in the East.

The trip promises to be a truly memorable experience and the programme has been carefully shaped so as to explore the many faces of Israeli society - past, present and future.

Unbelievably, return flights, touring, accommodation and ground costs are all paid for. The **birthright israel** trip is a gift from the Jewish community. All we ask of participants is that on their return they tell everybody they know about the **birthright israel** programme so that as many people as possible can benefit from this experience.

**Birthright israel** is a non-denominational programme and we welcome applications from people from all Jewish religious and cultural backgrounds.

## Delivery Complete

Following donation of an ambulance to Magen David Adom on the occasion of their Diamond wedding anniversary in January 2003, Sybil and Monty Abrahams were delighted that their youngest granddaughter, Nicola, was able to finally "hand over" the keys when she was recently on tour in Israel. The ceremony took place in Yeruham following which the tour group were able to explore the ambulance which had been washed for the occasion which was a very unique event in the FZY itinerary.
